

## Modular Collator Base

### Overview:

Designed to be a flexible and innovative solution to even the most challenging applications. Completely configurable for your application with right to left, left to right, or optional dual-direction operation. Easily expandable with optional Middle Sections that can be added as system requirements expand.

### Applications:

- Collating
- Batch Counting
- Accumulating
- Kit Fulfillment
- Automatic Wrapping

### Features:

Minimum Adjustment Points

### Advantages:

Simple tool-less adjustments.

### Benefits:

Faster make-ready. Get more jobs out the door. Skilled operators not needed for change-overs.

Portable

Mounted on casters allows free movement.

Can be moved easily from one application to another.

Expandable 4.5' Sections

Flexibility to easily expand as business grows.

Increased capacity at a lower cost.
