

Reliant Series - Feeder/Dispenser Model 1500

Overview:

The compact Reliant 1500 combines flexible performance with superior feeding to precisely separate, singulate, and present many types and sizes of product to your inserter's gripper jaw. Job setups and changeovers are easily and quickly accomplished. A large capacity hopper is conveniently loaded from the front or back. The brushless and clutch-free motor provides dependable feeding performance.

Applications:

- 6 x 9 gripper arm envelope inserters
- Phillipsburg, Inserco, EMC, AMOS, Kern, and similar type inserters
- Z-fold sheets, slick stock, payment booklets, and other products that are typically fed with difficulty on an inserter

Features:

- Reliable product separation
- Tool-less adjustments for easy setups and changeovers
- Compact 10 inch width allows side-by-side mounting
- Sealed precision bearings never require lubrication
- Handles most insert types, sizes, and thicknesses
- Easy to learn and operate
