

## Paddlewheel Dropper Model XT-1200

*Use with a wide  
variety of products*

### Overview:

The fastest product accumulator in the marketplace! The XT-1200 Dropper is designed for high speed batch counting for medium size card stock and envelopes. This high value dropper provides a flexible solution for packaging operations requiring greater productivity through automation. The robust design is perfect for lines that run 24/7. It can accommodate a wide variety of products including leaflets, envelopes, greeting cards, small booklets, brochures, and much more.

### Features:

- Simple, dependable automation for counting/accumulating
- Simple adjustments minimize setup and changeover time
- Rugged durability for continuous use and long life
- Includes heavy duty mounting stand
- Missed product detection
- Fault control – pause feeder or alarm only, selectable
- Host system I/O for electrical integration to host equipment
- Easy to learn and operate – simple push-button controls
- Integrated air distribution regulator
