

Specialty Applications Model ST-550 Small Product Feeder

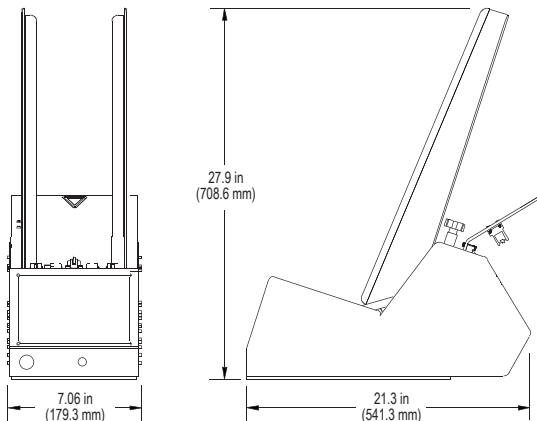

A sampling of the products that can be fed.

Overview:

Designed to feed small products as well as products that vary in material, texture and flatness. Quickly and easily sets up to feed small, lightweight, and folded products into cartons, clamshells and various streams. Its small footprint allows it to fit into tight areas. Options include a vacuum transport to provide even greater product control. Also available is a barcode reader option.

Applications:

- Products under 2.75" x 5.5"
- From lightweight to folded
- Pharmaceutical inserts
- Coupons
- Labels
- Small cards
- ID tags
- Peel and stick products
