

Value Collator System

Overview:

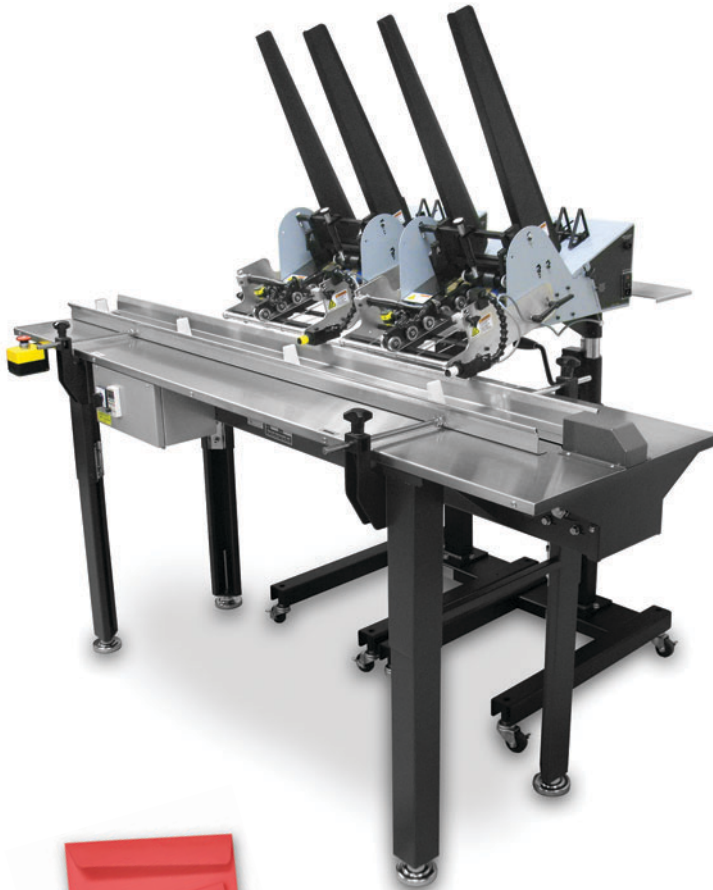

This entry-level collator system is ideal for kit fulfillment and product literature collating. Use as a stand-alone gatherer or roll it up to your automatic L-sealer for increased automated productivity. The system can accommodate up to four feeders to reliably separate, singulate, and deliver a wide variety of product types and sizes to the collator base.

Applications:

- Kit Fulfillment
- Literature Collating
- Packaging Fulfillment
- Automatic Wrapping
- Stand-alone Collation
- Polybagging

Features:

- Reliable product separation
- Tool-less adjustments for easy setups and changeovers
- Easy to learn and operate
